UKAS independent testers; quality you can believe in.

#20

You ask, we build. With a custom fabrication facility we're experts in build to order.

#1

We don't compromise, because circuit protection saves lives.

#7

We don't just know consumer units. We invented them.

#8

All our expertise is focused on you.

#24

Built to last.

#41

120 years. That's a whole lot of know-how.

#18

Thinking ahead. We were ready with Amendment 3 consumer units before anyone else.

WHY CHOOSE ANYTHING LESS?

GOOD REASONS TO CHOOSE WYLEX

(THERE'S NO END OF THEM)

Every single Wylex product is developed around your needs. UK Based R&D development teams design products from scratch and look after every single stage of design and performance validation.

As part of the Siemens family Wylex reaps the benefits of being in a global manufacturing network, as well as adhering to safety standards Wylex also exceed the UK legal framework. Meaning you can be sure of the quality and the safety of the product.

The Wylex test laboratory is accredited by the United Kingdom Accreditation Service (UKAS). This ensures everyone from specifiers, purchasers and users can have complete confidence in the quality of goods and in the provision of services at every stage of the supply chain.

With the largest range of domestic circuit protection products in the UK, finding the right product for your needs from the catalogue should be easy. But if you need something specific Wylex offers a unique custom-built product service.

Wylex miniature RCBOs are the same size as MCBs but also switch the neutral and totally isolate faulty circuits. Installations are safer with Wylex miniature RCBOs

Miniature RCBOs are quicker and easier to install and test saving time and money

The latest range of miniature circuit breakers are designed with a no miss terminal arrangement to ensure that connections are not misaligned bringing added termination security with Siemens technology

Wylex offers specifiers & installers the widest range of residential circuit protection products in the UK, plus three phase MCB distribution boards and MCCB panelboards and devices for commercial applications

With award winning seamless non combustible enclosures specifiers & installers can cater for the latest regulations and meet client expectations on aesthetics by choosing NMX. It looks like the familiar curvy plastic units but it's made of steel
